Additional comments

-
1. I loved being in her class. Every class was interesting. She was always super helpful with any questions and I thought she was very reasonable with the workload. Learned a lot!
 2. I loved the special collections presentation and getting to see actual scores. It helped me realize a little more the immense treasure the library actually contains. Too few students are aware of what the library has to offer.
 3. I am so grateful for the opportunity I had to take this class under the great expertise of Myrna Layton!
